STAT 4. [ ] Barbara Rosenberg, in the office of Congressman Thomas G. Morris (D., N.M.), called to determine whether we use a "college profile" in our applicant personnel processing. I believe we were able to satisfy Miss Rosenberg's request in this connection by sending her a copy of the application forms we use.

STAT 5. [ ] [ ] called to advise that a Mr. John Woodworth, in the Office of the Secretary of Defense, had requested help in answering a letter from Congressman Joe E. Evins (D., Tenn.) which requested Secretary McNamara's comments on an editorial appearing in the Nashville Banner, 22 December 1966, stating that U.S. products and technology are being used against U.S. troops in Vietnam as a result of U.S. trade with the USSR, and that CIA has an intelligence report out to this effect. I spoke to Mr. Woodworth and the reply to Mr. Evins will indicate that the Department of Defense has no knowledge of such a CIA report, subject to our verification. [ ] of ORR is working on this and will be back in touch. STAT

STAT 6. [ ] Senator John Stennis (D., Miss.) called to inquire whether we were aware of the "Meet the Press" panel show on NSA-CIA involvement to be scheduled for this Sunday and the past relationship of Mr. Robert Amory with the Agency. After I answered these questions, Senator Stennis said he would like to be in touch with Mr. Warner immediately. Mr. Warner, who was at the House Foreign Affairs Committee with the Director at the time, was within minutes in touch with Senator Stennis.

STAT 7. [ ] Spoke further with Mr. Robert Hull, Department of State Policy and Planning, concerning statistics on Agency employees injured or killed within the last five years as the result of hostile action. He was informed that we may be in touch with AID directly on this matter.

STAT 8. [ ] Called Mr. Bolton, Administrative Assistant to Congressman Glenn Davis (R., Wis.), to be sure that he had no outstanding requirement in connection with his call to us on 20 February. Mr. Bolton said he appreciated the follow-up but that he now was getting enough material from floor statements and news media to answer letters on CIA-NSA involvement.
